

Sandy's Notes/Pentecost/2020

There are blessings promised to those that honor the Pentecost feast.

There are 3 feasts of the Lord.

Passover

Pentecost

Tabernacles

At Passover the **activation was miracles.**

Activation meaning:

Performing the action of miracles.

Engaged in the activity of miracles.

It may have been the first time that wonders, miracles and signs were mentioned -

To the extent that God said -

You shall **do signs.**

You shall **do wonders.**

You shall **do miracles.**

Exodus 4

Passover was filled with miracles and the miraculous. Make is present instead of future.

I do signs.

I do wonders.

I do miracles.

I do!

Your words become your reality.

And I'm not making that statement based on religious jargon.

--Life and death are in the power of the tongue.

--Say to the mtn, be removed...

--You will eat of the fruit of your lips - so, say nice things.

--If you don't have anything good to say, don't say it.

--Now that's being nice christian but I'm not talking about that.

I'm talking about the science of words.

Words are energy and energy affects the matter in your life.

Say this:

I do signs.

I do wonders.

I do miracles.

Those words affect the matter of my life.

Things obey words.

Exodus 23.

We've got the activation of miracles at Passover.

We've got the activation of power at Pentecost.

Here's the power I'm talking about out of Exodus 23.

*An **angel is assigned** to lead and protect you

*God is an **enemy to your enemies**

*God **prosper**s you

***Sickness is taken away** from you

*You **won't die before** your appointed time

***Increase and inheritance** is yours

***What was stolen is returned**

Words are energy and energy affects matter.

That matter is made of atoms which includes our car, computer, our house.

Everything. And none of these things are solid.

Here's what that means.

If you could see the atoms each thing is made of, you would see movement.

It is vibrating. Everything has a frequency of vibration.

Everything has a natural frequency.

One of the difficulties with quantum physics is that the particles, the atoms, the electrons - those subatomic particles behave somewhat differently for each observer.

The observer - you and I - chooses the reality.

The substance our world is made up of - is influenced by and manifested by words.

Words are energy and energy affects matter - **all matter has a frequency.**

Frequencies affect our sense of well being. We all emit frequencies.

In the church world we would call those frequencies -

Power, anointing, might, fire, love.

What we think, say, feel has frequencies.

This can all be proven scientifically.

When the church comes together, there is a level of energy -

We call it the Holy Spirit - but it is a physical energy that affects matter.

There has been a shut down of corporate gathering -

Worship, hearing the word, by which faith comes.

There are so many theories as to why, how did this happen all over the world.

Here's the truth -

When we are gathered.

When we pray.

When we worship. When we hear the word.

We create a frequency that couldn't happen by ourselves - shut in.

That frequency has the potential - the possibility -

To change the spiritual atmosphere that -

Creates a force field of frequency -

That shifts dominion to the sons of God.

It's Pentecost Sunday and by the time we leave here -

We'll have sharp focus.

We'll have stable thinking.

We'll know the will of God.

Historical Background:

Lev 23

And you shall count for yourselves from the day after Passover, 50 days. Then you shall offer a new grain offering to the Lord. You shall bring 2 loaves of bread made of fine flour, baked with leaven. They are the firstfruits to the Lord.

The priests shall wave the bread as a wave offering before the Lord.

What do the 2 loaves picture.

Jesus said, I am the bread of life.

I am the living bread which came down from heaven.

God says to His people, eat of His bread, His body.

****And in doing that - we become like Him.**

When I see you, I see Jesus.

So in reality - 1 loaf is Jesus and 1 loaf is the church.

And they look alike.

In Lev this bread was made of fine flour that had been sifted many times to get out all the bad stuff. Selah.

Hudson Creme Flour is produced in KS. KS is the largest flour producer in America.

Remember, during the 50 days of counting the omer, our souls were being sifted and refined.

This Hudson flour is ground more times and sifted more than in standard milling.

****God came down on Mt Sinai and gave them the Torah and the 10 commandments.**

There were thunderings and lightnings and the sound of the trumpet that made the people afraid. The whole mtn shook.

Jewish scholars believe people actually saw the voice of God coming out of the mtn in tongues of fire. They heard the voice of God speak in their different languages.

When God gave the 10 commandments - His voice split up into 70 languages and went throughout the earth.

Israel not only heard God's voice, they saw the sound waves travel around the camp and then engrave the tablets with the commandments.

That's how the Jews pictured Pentecost. God's firey voice speaking in different languages.

No wonder in Acts 2, 3000 people got saved.

It was a manifestation of what they knew and had studied.

Listen to this word from our Plow conference.

Brian:

I brought you here because I'm making a new bread.

There's a dough that is coming forth and it's rising, rising, rising.

Do not think your dough is too small for My leaven to cause to rise.

Look, for there is going to be a loaf as big as the size of KS.

It's rising, rising, rising.

Do not fear that it will not multiply.

Chuck:

You have planned for a loaf way too small but God is causing it to rise more than you can see with your eyes.

DeeAnn:

This finishing anointing is hot, firey, strengthening, bold, creative, innovative.

It's no longer you that lives, but Christ lives in you and He is causing it to rise up.

Here's the announcement -

What we talk about, will increase.

What we activate this morning, becomes larger.

So we put into motion:

Increase, revelation and prosperity.

The people of Acts 2 were faithful to observe Pentecost, year after year, seeing nothing in the sense of prophecy.

The new happened suddenly.

Peter, who just a few weeks before this had denied Jesus, is now preaching and mentions Joel 2.

Which is the prophetic word they'd been waiting for, for maybe 100's of years.

You might have promises, words that are nowhere in your universe of experience.

Before we get to Joel 2, let's see what's in Joel 1.

The people had a history of turning away from God.

Joel talks about 4 levels of locusts overtaking them.

Palmerworm, cankerworm, caterpillar, locust.

These worms ruined everything.

Were everywhere. Chewing all the crops up.

Crawling around, creepy.

It was kind of a mess in Joel 1 and they probably deserved the mess they were in.

Then someone prays---

Never think your prayers are not important nor heard.

Then God says:

I will take away the reproach,

I will do great things.

I will restore the years the worms have eaten.

You shall never be ashamed.

You will know that I am the Lord your God and none else.

Then the Bible says: And it came to pass afterward...

I will pour out My spirit on all flesh

And your sons and daughters will prophesy

Old men will dream dreams

Young men shall see visions...and it goes on...

So just in case the present day creeps haven't got the memo yet.

Shout, too late, I am in the afterward.

I am greater than what has previously eaten me up.

I am the head and not the tail.

When the day of Pentecost had fully come...

Things can change in 24 hours.

The night before, no promise.

The next day, everything changes.

I am free from worry, fear and stress.

I am not a victim.

I know the truth and the truth sets me free.

From the ladder:

I do signs.

I do wonders.

I do miracles.

I do.

Angels lead and protect me.

God fights my battles.

Sickness leaves.

Health stays.

I am immortal.

My inheritance is increase.

What's stolen is returned.
